## MAKING OPTIONS TO VOID DELAY IN RIVER FRONT WORK

Progress Council Seeks to  
Get Control of Property  
for City to Avoid Condemnation Proceedings.

## NO PAYMENTS BEING MADE

Effort to Have Price Fixed  
on Fifty-Seven Blocks  
May Be Followed by  
Bond Vote.

As a means of facilitating  
completion of the central or down-  
river front improvement, the  
progress council, representing a  
group of civic and commercial or-  
ganizations, has undertaken to ac-  
quire options on all the property  
in an area of 57 city blocks of the  
district.

If the council finds the land can  
be obtained at a reasonable price,  
it proposes to recommend a bond  
for the purchase by the city for  
the acquisition of the site by  
state civic enterprise. The council  
is making its endeavor in or-  
der to avert the long delays of the  
condemnation process. Its mem-  
bers declare there is no way in  
which the council or its members  
can profit from the deal or from  
any other remuneration.

No Payments Being Made.

No payments are being made for  
options, but property owners  
being asked to give them as a  
matter of civic interest and be-  
cause of the prospect of sale af-  
tered in a district where the real  
estate market has been poor. It  
is understood that some options  
have been obtained already.

The progress council was formed  
several months ago with the partic-  
ular object of protecting property  
owners in the downtown business  
district, which has been threat-  
ened by a tendency toward decon-  
centration and by traffic conges-  
tion. It has been generally con-  
sidered that the central river front  
development would be a powerful  
means of protecting the adjacent  
area. A third street double-deck  
highway, part of the river-front  
scheme, which would connect with  
the main boulevard to the west, north  
and south, is planned as a help in  
the traffic problem.

Options are being sought in the  
area bounded by Third street, Franklin  
avenue, Poplar street and the Mis-  
sissippi, including the western  
end of Third street and both  
ends of Franklin and Poplar. The  
city plan commission design for  
the central river front covers the  
area, except that it goes only  
as far as Third street on the south,  
two blocks north of Poplar.

No Estimate of Cost.

No close estimate of the cost of  
the 57 blocks sought by the coun-  
cil has been made, but the assessed  
valuation of property there is said  
to be about \$7,000,000 or \$8,000,000.

Claude B. Ricketts, manager of  
the Railway Exchange Building,  
and vice president of the progress  
council and chairman of its river  
front committee, has charge of  
the option activity, which is being  
conducted by a special company,  
the Progress Council Option Com-  
pany. In a prepared statement,  
Ricketts said:

"The progress council option  
company was formed to initiate  
work to bring to completion a  
great civic development for St.  
Louis—the river front improve-  
ment. In all purely public prop-  
erty, plans are made and esti-  
mates are made thereon, which are  
accurate, and then estimates  
made of the cost of the prop-  
erty. Experience shows that when  
city begins to buy or condemn  
property, the estimates and the ul-  
timate cost of the property seem-  
ingly are no end to the time it  
takes to complete such public pro-  
jects, which is quite frequently  
to the detriment of the property in-  
volved."

City's Biggest Project.

"The river front improvement is  
St. Louis' biggest single project,  
and if the city wishes to progress,  
it is a necessity. On account of  
the magnitude of the project the  
size of the property should be  
small. As business men the coun-  
cil members know the first essen-  
tial is the availability of this prop-  
erty at a reasonable price. If it is  
high, what is the need of plans,  
anything else? The records show  
that property east of Fourth street  
is depreciated in value, and it is  
reasonable to presume, it will con-  
tinue to do so, and the depreciated  
value will increase, unless some-  
thing is done to change the trend.  
Operation at this time is the one  
needed for the welfare and pros-  
perity of the entire city of St.  
Louis."

Capitalized for \$2000.

The progress council option  
company was capitalized for  
\$2000 and all of the stock is held  
trust for the progress council.  
Officers of the corporation and a  
council are the same. They are:  
Martin J. May, president; Sid-  
ney R. Robertson, second vice  
president; Ricketts, third vice  
president; Felix E. Gunter, treas-  
urer; Fred Z. Salomon, assistant

## Held as Bookkeeper for Kansas City Liquor Ring

Miss Rosemary Lyons, re-  
turned to her job as collector  
of delinquent taxes in Kansas City,  
after being released under a \$5000  
bond by federal authorities, who  
charge she is the bookkeeper of a  
huge liquor syndicate controlled by  
Al Capone. The books, federal  
agents disclosed, named nearly 800  
retail customers in Kansas, Missouri,  
Arkansas, Oklahoma, Colorado, Ne-  
braska and Texas.

treasurer; Glendy B. Arnold, J. H.  
Rauden, F. B. Chamberlain, H. W.  
Geller, Charles Heiss, Herman  
Bauch, John F. Quency, Arnold C.  
Suif, Ralph West, W. B. Weisen-  
burger and C. E. Williams, direc-  
tors.

The River Front Committee of  
the council comprises Arnold, Baer,  
Daniel K. Catlin, Chamberlain,  
F. A. Cramer, David Francis Jr., Hugh  
McK. Jones, Isaac H. Orr, Edward  
McK. Platt, John F. Quency, Robert-  
son, Salomon, Suif, C. M. Tully,  
Glen V. Williams and Chair-  
man Ricketts.

Would Seek Donations.

It is the idea of the council that,  
if it should be decided to finance  
the acquisition of the site by private  
enterprise, owners of property  
throughout the downtown district  
and adjacent sections would be  
glad to donate money for the pur-  
pose. The theory is that purchase  
through a bond issue, with a con-  
demnation suit, would result in the  
official levying of heavy taxes  
against the property in this  
part of town, but that donations  
would cost less.

The option form provides that  
should a corporation be organized  
to finance the purchase, the prop-  
erty owners on the river front site  
or the progress council shall be  
privileged to participate in the en-  
terprise to the extent of the pur-  
chase price of each piece of prop-  
erty.

The option blanks recite that the  
progress council was created to  
promote the city's civic and busi-  
ness welfare and wants to have  
carried out comprehensive plans  
and utilization of the central river  
front and to obtain adequate rapid  
transit facilities for the downtown  
business district.

Options to be Purchased Right.

The options give the corporation  
the exclusive purchase right of the  
property up to Sept. 1, 1932, but  
if the scheme falls through the cor-  
poration agrees to relinquish its  
rights sooner. Should the council  
decide during the life of the op-  
tions to cause bond issue to be  
submitted to the vote of the peo-  
ple, the life of the options would  
automatically be extended for one  
year. Those signing the options as  
the acquiring party are the mem-  
bers of the River Front Committee.

Recommendations of Commission.

The city plan commission pub-  
lished its \$50,000,000 design for  
the central river front early in  
1928. It divided the estimates of  
cost as follows: \$10,000,000 for  
land and construction of the Third  
street elevated highway, with a  
connection to Market street; \$22,000,000  
for acquiring and de-  
veloping extensively the remaining  
40.5 blocks of the site proposed by  
the commission; \$9,000,000 for con-  
struction of a high level highway  
the river bank, between Clark  
avenue and Morgan street. The \$22-  
million item would cover construc-  
tion of parking areas and rapid  
transit terminals and other de-  
velopment in the general area, also  
building of a high level driveway  
between Market and Chestnut  
streets, from the old Courthouse  
on Fourth street to the river. The  
commission also recommended  
widening of the principal streets  
leading to the plaza.

The city has no funds now for  
any portion of the improvement.  
It is the council's theory that the  
whole site should be developed  
before any development is  
started, as partial improvement  
would force the value of the re-  
maining land upward. The plan  
commission also has published  
comprehensive designs for north-  
ern and southern ends of river  
front development, not connecting  
directly with the central unit be-  
cause of intervening industrial areas.

KANSAS CITY, Mo., May 30.—  
United States District Attorney  
W. L. Vandever says the  
real leaders of an alleged sev-  
en-state bootleg combine are still  
at large. The prosecutor, designating  
the ring as a subsidiary of "Scar-  
face" Al Capone, Chicago, back-  
sayer, says 200 persons are sought.  
He adds that retailers are classed  
as customers, whom the Govern-  
ment has no intent of prosecuting.  
Prosecutors still are active against  
retailers, however, is seen in a re-  
quest of Roland Boynton, Attorney-  
General of Kansas, for customers'  
lists seized by agents in a hotel  
raid here.

Thirty persons, including John  
Lazio, North Side politician; June  
Kathrens, truck fleet operator, and  
Rosemary Lyons, city delinquent  
tax collector, and the alleged  
bookkeeper, have been arrested on  
Federal charges of conspiracy to  
violate the prohibition law.

Vandever says an uncut Cana-  
dian liquor is shipped to Kansas  
City by a Capone boat to New Or-  
leans, small craft to an undesig-  
nated port on the Mississippi River,  
and by trucks through Hot Springs,  
Ark., and Joplin, Mo., to Kansas  
City. He says the volume exceeds  
that of raw alcohol received from  
the East, which he estimates at  
24,000 gallons monthly.

The district attorney reports  
that alcohol is quoted to retailers  
at \$5 and \$6 a gallon, and that the  
Canadian products bring from \$55  
to \$75 a case.

From this city, Vandever says,  
the liquor moves in secret channels  
to points in Iowa, Missouri, Arkan-  
sas, Oklahoma, Kansas, Nebraska,  
Colorado and perhaps Northern  
Texas.

HOPKINSVILLE, Ky., May 30.—  
Southwestern Kentucky farmers,  
their crops damaged by drouth last  
year, are fighting a new menace  
this year. Army worms have in-  
fested 50,000 acres in this section,  
according to estimates of Depart-

Fields of corn are being laid  
bare, and the worms are eating the  
leaves left in fields of barley, wheat  
and rye. The worms have cut pas-  
tures so close to the surface as to  
leave the impression fire had swept

of Wound.

By the Associated Press.

DENVER, Colo., May 30.—Henry  
W. Bostelman, St. Louis gangster,  
petitioned the circuit court yester-  
day to order him removed from  
the county jail to a hospital for  
treatment for a bullet wound in  
the right hip.

Bostelman was shot by police-  
men who trapped him, Van Mil-  
ler and "Cocky" Leonard, also of  
St. Louis, in the act of robbing the  
Golden Eagle department store,  
May 19 last. In his petition Bos-  
telman declared he was threatened  
with blood poisoning. He, Miller  
and Leonard are scheduled for trial  
June 8 on charges of robbery and  
burglary with an explosive.

## WILL CREATING LONG TRUST IS CONTESTED

Widow and Two Children of  
J. George Aff Allege Undue  
Influence.

By the Associated Press.

Suit was filed in Circuit Court  
yesterday by Mrs. Anna Aff, 1112  
Kingshighway Park, attacking the  
will of her husband, J. George Aff.  
She asks that a jury determine  
whether it was executed "as his  
own free act and deed" and  
whether he "knew those who reas-  
onably came within his bounty  
immediately—not in the remote  
past." She also wants a declara-  
tion of whether her husband was  
of sound and disposing mind.

Her attorney, John V. Lee, said  
he will, in his opinion, failed to  
make ultimate disposition of cer-  
tain parts of the principal of a  
trust, thereby attempting to create  
a never-ending trust, which would  
make the will void. In regard to  
other sections, he said, he had ana-  
lyzed the provisions and found it  
would be possible to continue the  
trust for 100 years or more, and  
to the rule against perpetuities.

Children as Co-Plaintiffs.

Mrs. Aff is joined by her son and  
daughter, Frank C. and Helen Aff,  
as co-plaintiffs. 81 and the South  
Side National Bank of St. Louis  
were appointed trustees.

She is to have the entire income  
during her life. Then one-half of  
the revenue goes to either the son  
or his heirs, if he has any, and the  
other half shall be paid to the  
daughter, if she survives. Both  
children are unmarried.

Contingent beneficiaries in the  
absence of heirs of the son are St.  
Paul's Evangelical Church, Shriner's  
Hospital for Crippled Children,  
German Protestant Orphan Home,  
and the Good Samaritan Almsheim.

In the case of the daughter,  
provision is made for her heirs,  
to be held for the previously men-  
tioned organizations except St.  
Paul's Church. The petition val-  
ues the estate at \$70,000.

It is alleged that Aff was  
coaxed into signing his will July  
14 last, at a time when he was  
preparing to enter a hospital to  
undergo a serious operation; that  
for a long period prior to that  
date he has been suffering from effects  
of injuries in an automobile ac-  
cident so that his protracted bodily  
pain affected his memory, render-  
ing him incapable of concentrating  
his mind; that further he was  
caused to believe it would be the  
height of folly to give the principal  
of his estate to his wife and chil-  
dren, and that contrary to it should  
be used to educate "his unseem-  
ing, unknown and hypothetical grand-  
children, whose issue is of his  
son."

Denies Undue Influence.

Aff, who was president of the  
F. W. Clemens Seed Co., 3357  
Gravois avenue, died Feb. 6. Ac-  
cording to W. Robert Scher-  
er, trust officer of the South Side Na-  
tional Bank, Aff was mentally alert  
when he signed the document,  
which expressed the way he wanted  
his property handled. The trust  
officer denied allegations of undue  
influence or special interest of  
the bank, as alleged in the suit,  
in connection with the drawing of  
the will. He expressed the opinion  
that its terms do not conflict with  
the law affecting time limit on trusts.

DISBARMENT OF 16 LAWYERS  
RECOMMENDED IN NEW YORK

Referre Seabury Urges Action  
Against Former Women's Court  
Prosecutor and Bribe Givers.

By the Associated Press.

NEW YORK, May 30.—Disbar-  
ment of 16 lawyers was recom-  
mended yesterday in a report sub-  
mitted by Referee Samuel Seabury  
to the appellate division of the Su-  
preme Court. The disbarments  
were recommended on the ground  
of practices contrary to the in-  
vestigation, Weston said he had re-  
ceived \$20,000 in bribes. Not only  
did he give names but he described  
various transactions, demonstrated  
how lawyers passed money to him  
in court under pieces of note paper,  
and told how he "laid down" on  
cases in return for the bribes.

Weston himself is named for dis-  
barment, as are Henry O. Kahan,  
a member of the State assembly,  
and Albert B. Kurtz, former as-  
sistant district attorney.

HOOPER NOTE TO CHURCHMEN  
President Sends Message of Greeting  
to Presbyterian Assembly.

PITTSBURGH, Pa., May 30.—A  
message of greeting from President  
Hoover was received by the Gen-  
eral Assembly of the Presbyterian  
Church in U. S. A. (Northern)  
today. Addressed to Dr. Hugh  
Thomson Kerr, moderator, the  
message read:

"I shall appreciate it if you will  
express my cordial greetings to the  
General Assembly of the Presby-  
terian Church now in session in  
your city. The constant advance-  
ment of the spiritual welfare of our  
country is its primary necessity and  
your efforts are a very substantial  
contribution to that objective."

Carpenter Falls Dead on Street.

Edward I. Spatz, 57 years old, a  
carpenter of 5248 Theodora ave-  
nue, fell dead on the street in front  
of 5112 Easton avenue late yester-  
day afternoon, as he was on his  
way to a hardware store for paints  
and varnish with which to work  
today. His wife told police that he  
had been under treatment for  
apoplexy.

## BILL CHANGING KINGSHIGHWAY ZONING IS INTRODUCED

Area Affected Is From Gravois to  
Millanta Avenues; Earlier  
Measure Dropped.

An ordinance to change the zon-  
ing of property on both sides of  
Kingshighway and extending back  
for 125 feet on each side, between  
Gravois and Millanta avenues, was  
introduced in the Board of Alder-  
men yesterday by Alderman Studt.

A similar bill was dropped twice  
before because of protests from  
property owners of the vicinity.  
Studt said he introduced it again  
at the request of former Alderman  
Krueger, who declared that some  
property owners now favored the  
change.

Alderman Neu introduced his  
bill to repeal the ordinance for  
widening Cherokee street between  
Broadway and Grand boulevard,  
yesterday. He also wants a defen-  
sive. He contends the property  
owners affected had been taxed  
heavily enough in the Gravois  
avenue widening.

Neu also introduced a bill for  
\$1800 for furniture and equipment  
for Prosecuting Attorney Rosen-  
can's office.

## BANK TELLER PLEADS GUILTY OF INSTIGATING ROBBERY

Two Who Flew Away With Loot  
Say He Arranged for Mich-  
igan Holdup.

By the Associated Press.

PONTIAC, Mich., May 30.—Ger-  
ald F. Grandon, 29 years old, teller  
in the Pontiac Commercial and  
Savings Bank, pleaded guilty in  
circuit court yesterday of bank  
robbery.

He had been accused by two  
young men who carried out the  
robbery a week ago of working out  
the details of the holdup, giving the  
key to the bank and signalling  
when the time was right.

The men who committed the  
robbery, Adam Morgan and Louis  
Kish, already have pleaded guilty.  
Finally the Deputy Sheriff insisted  
the policemen leave Crowley in his  
chambers when the excitement  
started.

Crowley was led away to the  
Nassau County jail through a sub-  
terranean passage. An extra guard  
was ordered immediately, to re-  
main until Crowley is removed to  
Sing Sing after sentence is pro-  
nounced Monday. Execution will  
await review of the case by the  
Court of Appeals.

The jury which tried Crowley  
was impeached on Tuesday and tes-  
timony was completed yesterday.  
The jury was out 25 minutes.

Crowley was captured in a Man-

## CROWLEY CONVICTED OF KILLING POLICEMAN

Officers Pummel Him in Court-  
room When He Lunges at  
One of Them.

By the Associated Press.

MINNOLA, N. Y., May 30.—  
Francis Crowley, 14 years old, con-  
victed of murdering a Long Island  
policeman, today is in jail awaiting  
a mandatory sentence Monday to  
the electric chair.

District Attorney Edwards post-  
ed a strong guard at the jail be-  
cause of excitement in the court-  
room when police, fearing the 103-  
pound killer was trying to escape,  
pummelled him after the jury re-  
turned its verdict yesterday.

POST-DISPATCH  
SEEKS TO FORCE HUSBAND  
TO DELIVER SECURITIES

Wife of Dr. William B. Shields  
Files Suit for Mandatory  
Injunction.

Mrs. Anna C. Shields, wife of  
Dr. William B. Shields, 305 West  
gate avenue, University City, filed  
a mandatory injunction suit in Cir-  
cuit Court at Clayton yesterday  
asking that her husband be com-  
pelled to deliver to her the \$26,000  
in securities from a safety de-  
posit box of the Mercantile Com-  
merce Bank and Trust Co. pend-  
ing a determination of their  
ownership.

The petition also asks that he be  
compelled to surrender the keys to  
the box and that the bank be re-  
strained from permitting him to  
remove the securities to any other  
box. She alleges the securities  
are hers, but that her husband  
alone has access to them. Judge  
McElhinney set June 6 for a hear-  
ing on the petition and ordered Dr.  
Shields to show why the injunc-  
tion should not be granted.

On May 21 Dr. Shields dismissed  
an information charging his wife  
with habitual drinking and incom-  
petence to manage him, and fra-  
ustrated Mrs. Shields' attempt to  
use the date set for a hearing on this  
information in Probate Court a few  
days earlier. On May 19 Mrs.  
Shields filed suit for divorce. This  
suit is still pending.

DEPRESSION ASCRIBED  
TO UNDUE PRICE CUTS

Profitless Merchandising Cited  
at Close of Foreign Trade  
Conference.

By the Associated Press.  
NEW YORK, May 30.—With an  
optimistic statement on American  
business conditions, the National  
Foreign Trade Council yesterday  
ended its convention.

"The chief factor in the present  
situation is profitless merchandis-  
ing," resulting from undue price  
reductions, a council statement  
read. The declaration was unan-  
imously adopted. It emphasized  
that the domestic market was most  
important.

"The most significant fact in the  
status of the international trade of  
the world is that the volume of  
merchandise sales about equals  
that of a few years ago, when busi-  
ness was enjoying substantial pros-  
perity," said the declaration. "But  
price levels have fallen to the point  
where profit has been largely elimi-  
nated."

Eugene P. Thomas, vicepresident  
of the United States Steel Corpora-  
tion, suggested that by co-operation  
in international financing "through  
the medium of a board, represent-  
ing banking and industrial inter-  
ests, much good might be accom-  
plished in associating our banking  
institutions more closely with the  
problems that beset the American  
exporter."

The declaration of the council  
made no mention of the tariff.

Five Killed in Mine Explosion.  
MOUNT CARMEL, Pa., May 30.—  
Five miners were killed in an  
explosion in the Richards tunnel  
mine of the Susquehanna Colli-

were injured, not seriously, and  
four escaped unhurt. The bodies  
of four men were removed from  
the mine late yesterday. Another  
man died in a hospital today.

'Arnold in Smashup When  
ACCIDENT AT  
400 MILES,  
ONE OF TWO IN  
FEW SECONDS  
Southern California  
Retains Collegiate  
Track Championship

By the Associated Press.  
INDIANAPOLIS, Ind., May 30.—  
Billy Arnold of Chicago met with  
a smashup while leading the  
400-mile automobile race as he  
was speeding past the 400-mile mark  
today. At the time of the accident  
Arnold had a lead of seven miles  
and seemed certain of victory.

Arnold's car was in a smashup  
on the treacherous north turn  
of the track with a car driven by  
Lester Johnson of South Bend.  
The two cars, which were over-  
taken and caught fire.

Ambulances and fire apparatus  
were rushed to the scene.

Arnold miraculously escaped  
death, coming out of the accident  
with slight burns and scratches,  
according to reports to the press.  
His mechanic, "Spider"  
Mallock of Los Angeles, was re-  
ported to be unhurt.

Johnson, the South Bend driver,  
was reported to be unhurt.

The accident occurred when Ar-  
nold's car, speeding more than 100  
miles an hour, threw a wheel and  
crashed into Johnson's machine.

A few seconds after Arnold was  
injured, a car driven by Tony Gul-  
otta, Kansas City, running third  
in the race, went over the wall at  
the very same spot of the track up-  
per Arnold's and Johnson's  
cars. Gulotta was reported to be  
uninjured.

At the end of the 400 miles and  
shortly before the accident, Arnold  
was in the lead, having covered the  
distance in 4:06:58.40.

By the Associated Press.  
FRANKLIN FIELD, PHILADELPHIA, Pa., May 30.—Five  
record performances today featured the finals of the Intercollegiate  
A. A. A. track and field championships in which Southern California  
successfully defended its team championship by a narrow mar-  
gin of victory over Stanford.

Dean Cromwell's Trojans won  
the meet by barely two points, roll-  
ing up 46.6-7 points to Stanford's  
44.22-25 in a battle of fractions  
that was not decided until Bill  
Graber of Southern California  
captured the final event, the pole  
vault, with a record mark of 14  
feet 4 inches.

Victory Set Four Records.

Four of the five record feats  
were turned in by the victors, the  
most sensational of which was the  
triumph of Vic Williams of U. S.  
C. over Ben Eastman of Stanford  
in the world's record equaling  
time of 47.4 seconds for the 440-  
yard run.

For the winners, Graber's de-  
cisive pole vault, Dick Barber's leap  
of 23 feet 2 3/4 inches in the broad  
jump and Frank Wykoff's triumph  
over Eddie Toland of Michigan in  
the 100-yard dash in 9.8 seconds  
also were record achievements  
for the I. C. A. A. A. meet.

The fifth mark to tumble was in  
the javelin, tossed to a new col-  
lege mark of 220 feet, 11 1/4 inches  
by Ken Churchill of California.

The two far Western teams  
outclassed the East. Pennsylvania  
finished third with 21 points and  
Cornell fourth with 19.5-5.

The other point scores: Harvard  
153-7, Yale 132-35, Michigan 9-  
California 61-5, Brown and  
Georgetown 6 each, Fordham and  
Columbia 5 each, Dartmouth 4-7,  
Penn State and Bowdoin 4 each,  
William and Mary 3, Princeton  
2-7, City College of New York,  
Michigan State and Boston College  
1 each.

Williams equalled the world and  
intercollegiate mark that the fa-  
mous Meredith set at Cambridge in  
1916.

The mile champion, George Bul-  
winkle of the College of City of  
New York, was dethroned in a  
spectacular race won by Penrose  
Hallowell of Harvard in the good  
time of 4 minutes, 18 seconds.

Bulwinkle, after running a front  
race until the turn into the stretch,  
faded and finished fourth.

Churchill's mark put him in  
striking distance of the American  
record in the javelin, set at 222  
feet 6 1/2 inches by James Dellers  
of the Los Angeles A. C. at Pitts-  
burg last year.

Churchill's throw surpassed any  
mark ever made in collegiate  
championship competition, the best  
previous mark being 216 feet.

McCluskey Wins 2-Mile Run.

Joseph McCluskey, black-haired  
Fordham University runner, after  
being knocked down in a jam on  
the first lap and set back about  
25 yards, rallied to come from be-  
hind and win the two-mile run.

He beat Albert Ranney of Cor-  
nell by three yards in a great burst  
of finishing speed, in 9 minutes,  
26.6 seconds.

Clark Chamberlain of Michigan  
State led for seven of the eight  
laps, opening up a lead of nearly  
50 yards in the first mile, but like  
Bulwinkle in the mile, Chamberlain  
faded badly on the last lap and  
barely saved fourth place as

Browns' Two  
Games Rained  
Out at Chicago

CHICAGO, May 30.—  
BOTH games of the Browns' doubleheader with the Chi-  
cago White Sox here this  
afternoon were rained out. The  
players spent Memorial Day in  
their hotels, talking baseball.

If the weather permits the  
Browns will play the White Sox  
tomorrow in the first and final  
game of what was to have been  
a four-game series. Friday's  
contest also having been rained  
out.

JAMESTOWN WINS  
OVER LADDER BY  
FIVE LENGTHS IN  
WITHERS STAKE

By the Associated Press.  
NEW YORK, May 30.—George  
D. Widener's Jamestown covered  
the mile in 1:56.3-5 to win the  
fifty-sixth running of the Withers  
before a crowd of 20,000 at Belmont  
Park today. Walter J. Salmon's  
Ladder was second and Morton L.  
Schwartz's Clock Tower, third.

The big son of St. James, which  
won the 2-year-old championship  
last year, bounded away from his  
field at the head of the stretch to  
defeat Ladder, third in the Preak-  
ness, by five lengths. Ladder was  
three lengths in front of Clock  
Tower.

The victory was worth \$27,000,  
that sent Jamestown's total earn-  
ings soaring to \$180,235. He was  
the 2-to-5 favorite.

Running true to form, Benjamin  
Block's Morestone burned up the  
track for six furlongs but Jamest-  
own was not far behind, striding  
along with the Flying Horse  
Stable's "Pony" McAdams.

McAdams had the 1920 2-year-old  
title holder under restraint, but  
however, and once he was ready,  
the Widener colt never left the  
result in doubt. He bounded away  
from Morestone as if the black colt  
was standing still while Ladder and  
Clock Tower rushed up from the  
middle of the pack to grab second  
and third money, respectively. The  
Greentree Stable's Surf Board also  
closed fast, noting Morestone out  
of fourth position. Anchors avenge  
finished sixth, Sun Meadow seventh  
and Commuter last.

The victory stamped Jamestown  
as a real challenger for the three-  
year-old title, temporarily in pos-  
session of Twenty Grand by reason  
of Kentucky Derby triumph.

The Widener's expert generalship  
was in trouble. He finished un-  
usually strong, indicating that  
he will offer Twenty Grand a real  
battle in the mile and one-half  
Belmont stakes to be run June 13.

SHIELDS WINS  
FROM BOYD IN  
DAVIS CUP PLAY

By the Associated Press.  
WASHINGTON, May 30.—Frank  
X. Shields, of New York swamped  
Ronaldo Boyd of Buenos Aires,  
6-2, 6-2, 6-2 in opening play  
of the Davis Cup final day of the  
United States and Argentine Davis  
Cup play.

The rangy American youngster  
was never extended. His victory  
placed the United States ahead  
four matches to none.

Varying from the hard smashing  
and terrific driving game of his  
first two matches, Shields concen-  
trated on steady playing and  
forced the giant Argentine into er-  
ror after error.

Boyd's teammate said the South  
American champion was far out  
of his game. Recently ill, he fre-  
quently held his side as if in pain.

By W. J. McGowan.

St. Louis amateur boxers have their intercity victory to their credit today. They defeated a team from Cleveland in a tournament at the Winter Garden last night, winning five of the six bouts in an interesting program which was witnessed by only about 100 persons.

Five of the features saw well-chosen boxers in closely fought bouts, although in only one was there a close contest at the end of the rounds. That was the first round of the 105-pound bout, in which Lloyd Young, Kid Bandy's manager, who had to go on a round to gain the decision.

St. Louis' Sylvester, who appeared at the end of the regular rounds, started the fourth round slowly, but Young got home with a powerful head attack which had the Cleveland boy on the ropes.

Young's Mills had a rather tough fight with Chick McCarthy in the heavy-weight set-to, but Mills' left-hand attack took the Cleveland boy out of the fight.

ers will be protected. A successor  
trustee under a deed of trust, who  
was named at the same time as a  
receiver, also was discharged from  
further activity.

The appointments were made in  
a mechanic's lien action against  
the apartment building. Attorney  
General Shattell had joined in the  
request for a receiver to protect the  
interest of the State as holder of  
\$100,000 worth of first mortgage  
bonds of the apartment.

The bonds were put up as security for  
State deposits by a bank at Marsh-  
field, Mo., which failed. Acceptance  
of the bonds is included in the  
charges in the present im-  
peachment trial of State Treasurer  
Brunk.

Judge Fartman previously de-  
nied motions filed by the Pier-  
re-Chouteau Apartments, 2440 Lin-  
dell boulevard, which was ordered  
by Circuit Judge Harimann April  
13, was terminated yesterday.

It was announced an amicable  
settlement was made out of court  
whereby the interest of bondhold-  
ers will be protected. A successor  
trustee under a deed of trust, who  
was named at the same time as a  
receiver, also was discharged from  
further activity.

## WILKINS NEARLY READY TO CROSS ATLANTIC

Plans to Make Final Diving  
Test of His Submarine  
Today.

NEW LONDON, Conn., May 30.—  
The submarine Nautilus is now  
nearly ready to strike out across  
the Atlantic to begin its plunge  
under Arctic ice in an effort to  
reach the North Pole. Today the  
boat will make a shoal water dive  
for a final test of newly installed  
machinery.

About 10,000 more gallons of  
fuel oil and 1200 gallons of lubri-  
cating oil must be loaded before the  
boat can weigh anchor and swing  
down the Thames River, but it is  
believed the boat will be fully  
fueled before midnight. If not the  
sailing may not be until tomorrow  
noon.

Sir Herbert Wilkins has been  
here night and day, struggling  
against many difficulties to get the  
boat in readiness for the long voy-  
age to the North Pole.

Sir Hubert said: "The Arctic  
waits upon no man. We must be-  
gin our overseas journey at once in  
order to reach Spitzbergen in time  
to keep our rendezvous with Dr.  
Eckener and the dirigible, Graf  
Zeppelin."

"By leaving Provincetown June  
1 or shortly thereafter we will be  
able to keep out date with the  
mammoth sky-liner, although we  
are much later in starting than I  
had anticipated."

Within the Nautilus' hull, Sir  
Hubert last night toiled as an or-  
dinary laborer, helping to wind five  
miles of high tensile steel wire  
around a huge metal drum. It  
was one of the things that had to  
be done in order to enable the Na-  
utilus to make deep sea soundings as  
it crosses the Arctic Ocean under  
the ice pack.

The huge sounding wheel was  
operated by motor as mile after  
mile of the wire was wound around  
it. In other parts of the boat work-  
men were installing an auxiliary  
high pressure pump, which will  
give the Nautilus an additional fac-  
tor of safety in case one of the  
boat's main ballast tanks is split  
by a submerged obstacle.

In order to save time and get the  
Nautilus to Advent Bay, Spitzber-  
gen, within the Arctic Circle, it has  
been decided that Capt. Sloan Dan-  
dane should take the vessel across  
the North Atlantic on a course that  
will bring it to Pentland Firth in  
the North of Scotland and thence to  
Bergen, Norway. By that route a  
decided saving in time will be  
effected.

After loading additional stores at  
Bergen, the Nautilus will go to  
Tromsø and then strike out into  
the Arctic.

A balloon 12 feet in diameter  
has arrived here for use in the Ar-  
ctic. This balloon will be sent up  
3000 feet as a signal to the Graf  
Zeppelin, enabling it to locate the  
Nautilus adventurers in case radio  
should fail.

It also will be used to photo-  
graph the Arctic scene and fore-  
warn the Nautilus of any ice perils  
that might lie ahead.

If the test here is not complete  
the Nautilus will make a final test  
off Provincetown, Mass.

## SLAYER OF POLICEMAN GETS DEATH SENTENCE IN CHICAGO

Conviction 29 Days After Crime  
Sets Record for Speed in  
Courts There.

By the Associated Press.  
CHICAGO, May 30.—Twenty-  
nine days after killing Traffic Of-  
ficer Anthony Ruthy in Michigan  
avenue, Carl Carlson, alias Frank  
Jordan, of Rock Island, Ill., was  
sentenced to die in the electric chair.  
The conviction was said by court  
authorities to establish a record for  
Chicago justice. They said that in  
no other case where an accused  
slayer offered a defense had a con-  
viction followed so quickly after  
the crime. The defense based its  
case on testimony that the prison-  
er, who subsequently confessed to  
several bank robberies, did not  
know he was being arrested when  
he fired on the officers. He said  
he thought he was being robbed.

Viennese Banker Drowns in Water.  
VIENNA, May 30.—The body of  
Dr. Ludwig Schaefer, a partner in  
the big Vienna Bank of Auspitz,  
Lieben & Co., which was declared  
insolvent last Friday with liabil-  
ities of \$5,000,000, was found in  
the Danube near Komorn today.  
When the body was taken from the  
river there was a rope around the  
neck. Police believed that Dr.  
Schaefer had tied a heavy stone to  
this rope when he jumped into the  
water.

Girl Killed by Auto.  
By the Associated Press.  
OLD WESTBURY, May 30.—  
The crushed body of Miss  
Beatrice Phillips, 19 years old, of  
Brooklyn, was found yesterday in  
a road about a mile north of the  
Salsburg golf club. The police  
thought at first an automobile had  
been driven over her body several  
times but subsequent developments  
lead them to discard this theory.

Missing Youths and Auto Found.  
Four youths reported missing  
from home in St. Louis, with the  
automobile belonging to the fa-  
ther of one, were found sitting in  
the car at Tenth street and Agout  
avenue, East St. Louis, by a police-  
man at 1:40 a. m. today. They were  
turned over to their parents.

## SUMMONS FAITHFUL TO PRAY AND LEAPS TO HIS DEATH

Muhammad in Bosnia Dies as Protest  
Against Frivolity of  
Youth.

By the Associated Press.  
BELGRADE, Jug. Slavia, May  
30.—Dispatches from Pechivo in  
Bosnia today said the 70-year-old  
Muhammad (priest) of that town,  
grievous at the frivolity of the  
younger generation, had flung  
himself to death from a high  
minaret of his mosque.

Yesterday, the report said, he  
mounted to the tower as usual and  
summoned the faithful to prayer.  
When he saw the young men and  
girls dancing on the flagstones be-  
low he threw himself into their  
midst and died.

Eight Killed at Wedding Party.  
By the Associated Press.  
TULUCA, Mexico, May 30.—  
Guests at a wedding party at  
Tulucay engaged in a free for all  
shooting scrape last night which  
resulted in eight deaths. Police  
interfered after four had been  
killed. Then the guests killed four  
of the policemen.

# IS POST-DISPATCH YOUTH CONVICTED OF KILLING NONAGENARIAN IN ROBBERY

Ohio Jury Returns Verdict Without Recommendation of Mercy, Carrying Death Penalty.

By the Associated Press. ZANESVILLE, O., May 26.—Louis Johns Jr., 22 years old, today faced the death penalty, the first imposed here in 50 years, for the slaying of Henry Gay, 90, Civil War veteran and recluse.

Johns was convicted of first degree murder without a recommendation of mercy yesterday after the jury deliberated four hours and a half.

Gay was beaten to death and robbed of \$14 in his home at Canfieldville, near here, the night of March 7.

# INSANE, BUT GETS DEATH FOR FIRE MURDER OF FAMILY

Colorado Man Is Convicted by Jury Which Disregards Report of Alienists.

By the Associated Press. GREELEY, Colo., May 26.—Disregarding the findings of a board of alienists that James V. Foster

"was insane at the time of the crime, is insane now and always will be insane," a jury yesterday returned a verdict automatically carrying the death sentence, for the burning to death of Foster's wife and three children May 8. The jury was out less than three hours.

Foster's only recourse now is an appeal to the State Supreme Court. He confessed he poured kerosene into the beds of his sleeping family and set it afire. He said he was "driven by the devil," and was ready to pay the penalty.

**465 SAVED FROM SHIP STRANDED IN PACIFIC**

Excursionists on Steamer Bound From San Francisco to Los Angeles in Holiday Mood as They Take to Boats.

**VESSEL GOES AGROUND IN FOG**

Hits Sands Near Point Arguello, 'Graveyard of the Pacific'—Passengers Board Steamship, Later Transferred to Cruiser.

By the Associated Press.  
SANTA BARBARA, Cal., May 20.—On a sandy spit near Point Arguello, "the graveyard of the Pacific," the coastwise steamer Harvard went aground at 3:30 a. m. today, but all of her passengers, 465 holiday excursionists, were rescued without mishap.

The steamer, bound from San Francisco to Los Angeles, struck the treacherous off-shore sands of the point in a fog, as she proceeded with sirens blowing and engines turning at full speed. Soon after the steamer struck, 8 U. S. messages were sent out. Three United States Coast Guard cutters, two freighters, the steamship San Anselmo and the steamship Maradok and the U. S. Cruiser Louisville, against the Navy's fighting craft, picked up the call and raced to the rescue. The passengers left their berths and walked to the decks. There was no panic or excitement, Capt. L. B. Hillsinger, in a radio message said his passengers "kept their shirts on and enjoyed themselves immensely."

Passengers Transferred Twice. Eighteen lifeboats were quickly filled and the passengers were lowered into calm sea, where Capt. Hillsinger ordered members of the crew manning the boats to stand by and await the rescue ships. The rocky shores of the point made any attempt at landing unsafe. The lifeboats were roped together and with the festive spirit of a holiday prevailing among all, the passengers sat and waited, laughing and joking while the dark waters off one of the most dangerous points along the coast lapped the boat hulls and wreaths of dense fog swirled over the heads of the passengers.

With the arrival of the San Anselmo, the passengers were taken aboard and a short time later the Louisville, the sea foaming from its prow as it sped toward the Harvard at a 30-knot pace, hove alongside at 7:50 a. m. Shortly before 11 o'clock, the passengers transferred once more, this time to the decks of the naval cruiser.

The Louisville arrived at San Pedro at 6:10 p. m. Disembarking of the rescued passengers of the Harvard began at once. Crew Stays on Board. The crew of the Harvard, 119 men, remained aboard to await the arrival of a tug and high tide late today for an attempt to refloat the steamer. The extent of damage to her hull cannot be estimated until she has been pulled clear. The fire room was flooded purposely to keep her on an even keel and a line was thrown ashore to anchor her.

The Harvard is a 3800-ton vessel in service 25 years and during the war was used as a transport. Officers of the Los Angeles Steamship Co., owners of the vessel, said she went aground about 800 yards off the point. Not far away, one of the worst sea disasters of the Pacific Coast occurred in September, 1923, when seven destroyers, speeding through a heavy fog, hit the jagged rocks and plied up. Although without an official report, company officers thought the fog was responsible for the accident. The prow of the ship was facing shoreward, and when she grounded a low tide was running.

French Aviators Killed in Crash. By the Associated Press.  
BARCELONA, Spain, May 20.—Jean de Bermange and Marcel Laetie, French aviators, who were on their way from Paris to Africa, were killed this afternoon as their plane fell near Villanueva y Geltru, on the outskirts of Barcelona. Laetie was the pilot of the plane which King Carol of Rumania used to fly from Paris when he attained the throne.

**WILKINS' FAT STEWARD CROWDS THROUGH 30-INCH ICE DRILL**

Proves His Right to Go to Pole When He Contracts His 45-Inch Girth.

By the Associated Press.  
NEW LONDON, Conn., May 20.—Harry Rothschild, gargantuan steward of the Nautilus, today proved his right to go to the North Pole by squeezing his 45-inch girth through the trans-Arctic submarine's 30-inch ice drill. Only those who can climb through the drill may go on the expedition, because at the pole this may be the only method whereby they can pierce the Arctic ice crust. Sir Hubert Wilkins, over the radio, recently expressed misgivings over Rothschild's ability to do it. But his waistline, he elastic, despite his 250 or more pounds. As he disappeared under the drill in the Nautilus, Chief Electrician Frank Blumberg watched at the top. Chief Engineer Shaw was there with a pair of clippers. Others bore hoisting gear in case Harry failed, but to the astonishment of all, his rudely face emerged wearing a triumphant grin, and he explained happily: "It will take more than an ice drill to keep me from the North Pole."

**ACCUSED OF TRYING TO EXTORT \$40,000 FROM W. P. CHRYSLER**

Three Men in Topeka Charged With Attempt to Blackmail Auto Manufacturer.

**VETERAN, 84, IN FIRST PARADE**

Allowed to March When Cleared of Desertion Charge.

By the Associated Press.  
BELOIT, Wis., May 20.—Carlton C. Olin, 84 years old, marched in the Memorial day war parade today for the first time in the 40 years it has been held. He has been barred from marching with his comrades as a deserter, but a special act of Congress last session he was cleared of the desertion charge. Olin served with credit in the Fourth United States Infantry. At the end of the war an officer sent him to a Missouri town for his baggage. Unable to find it, he left home, and was subsequently listed as a deserter.

**BOY KILLED AT AUTO RAC**

Laid Struck by Wheel After Being Struck by Car.

By the Associated Press.  
INDIANAPOLIS, Ind., May 20.—The accident that deprived Bill Arnold of victory in the \$5000 speedway race this afternoon was far more costly to an 11-year-old boy working at a concession stand several hundred feet away. The wheel that flew off Arnold's car, causing the crash, shot over the retaining wall and struck the boy. The boy died tonight from the injury.
